

# ISEO UNIVERSAL ELECTRIC LOCK TO APPLY FOR PADESTRION DOOR

- New and modern design
- Adjustable entry: 50, 60, 70 and 80 mm
- Right and left reversible, excluding the version with deadbolt: the lock can be turned over with a few quick settings
- Multifunction: with the same lock you can choose different ways of opening from the inside: only with key, key and button, or just button
- Universal: it is a special lock with particular accessories supplied that allow Series 5 to be installed on both iron gates and wooden doors.
