

## BFT Dimos 600kg

|                          |                                  |
|--------------------------|----------------------------------|
| Control unit             | HAMAL                            |
| Board power supply       | 230 V                            |
| Power consumption        | 70 W                             |
| Max. door/gate weight    | 600 kg                           |
| Gate panel speed         | 12 m/min                         |
| Type of limit switch     | Electromechanical                |
| Pinion module            | 4                                |
| Slowdown                 | Yes                              |
| Locking                  | Mechanical                       |
| Release                  | Lever-operated with personal key |
| Impact reaction          | D-Track                          |
| Frequency of use         | intensive                        |
| Protection rating        | IP24                             |
| Environmental conditions | -20 ÷ 55 °C                      |
| Interconnectivity        | no                               |
| Motor voltage            | 230 V                            |
